

Table 1-13

**Public school teachers reporting the availability and frequency of use of technology devices, by school level: 2009**

(Percent)

School level	Digital projector			Interactive whiteboard			Digital camera		
	Availability		Used for instruction sometimes or often <sup>a</sup>	Availability		Used for instruction sometimes or often <sup>a</sup>	Availability		Used for instruction sometimes or often <sup>a</sup>
	As needed	In classroom		As needed	In classroom		As needed	In classroom	
		every day			every day			every day	
All public school teachers <sup>b</sup>	36.00	48.00	72.00	28.00	23.00	57.00	64.00	14.00	49.00
Elementary	37.00	44.00	68.00	31.00	23.00	58.00	67.00	14.00	53.00
Secondary	33.00	56.00	78.00	23.00	23.00	58.00	57.00	13.00	41.00

<sup>a</sup> Based only on teachers reporting that the device was available as needed or in the classroom every day.<sup>b</sup> Data for teachers in combined schools (i.e., those with both elementary and secondary grades) are included in All public school teachers but are not shown separately.SOURCE: Gray L, Thomas N, Lewis L, *Teachers' Use of Educational Technology in U.S. Public Schools: 2009*, NCES 2010-040 (2010).*Science and Engineering Indicators 2014*
